

Countdown to success Year 11 starts here!

‘There is no magic to achievement. It’s really about hard work, choices, and persistence’ – Michelle Obama

Mrs Bradley-Smith, Principal
Miss Rebecca Bain, Assistant Principal

Smartphone-Free School

Supporting Focused Learning & Wellbeing

As a result of the **Government's** mobile phone guidance for schools becoming statutory under Section 36 of the Children's Wellbeing and Schools Act 2026, we are now a **smartphone-free** school.

We have a legal commitment to maintaining a **smartphone-free** environment throughout the **entire** school day.

Starting
29th June

United in
purpose

NOT SEEN
Phones away
for the whole
school day.

STAY FOCUSED
Be present.
Be respectful.
Be ready to learn.

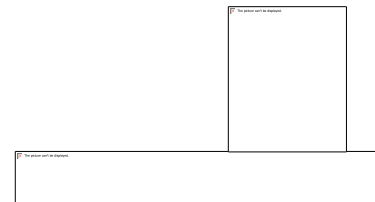

NOT HEARD
No notifications.
No distractions.

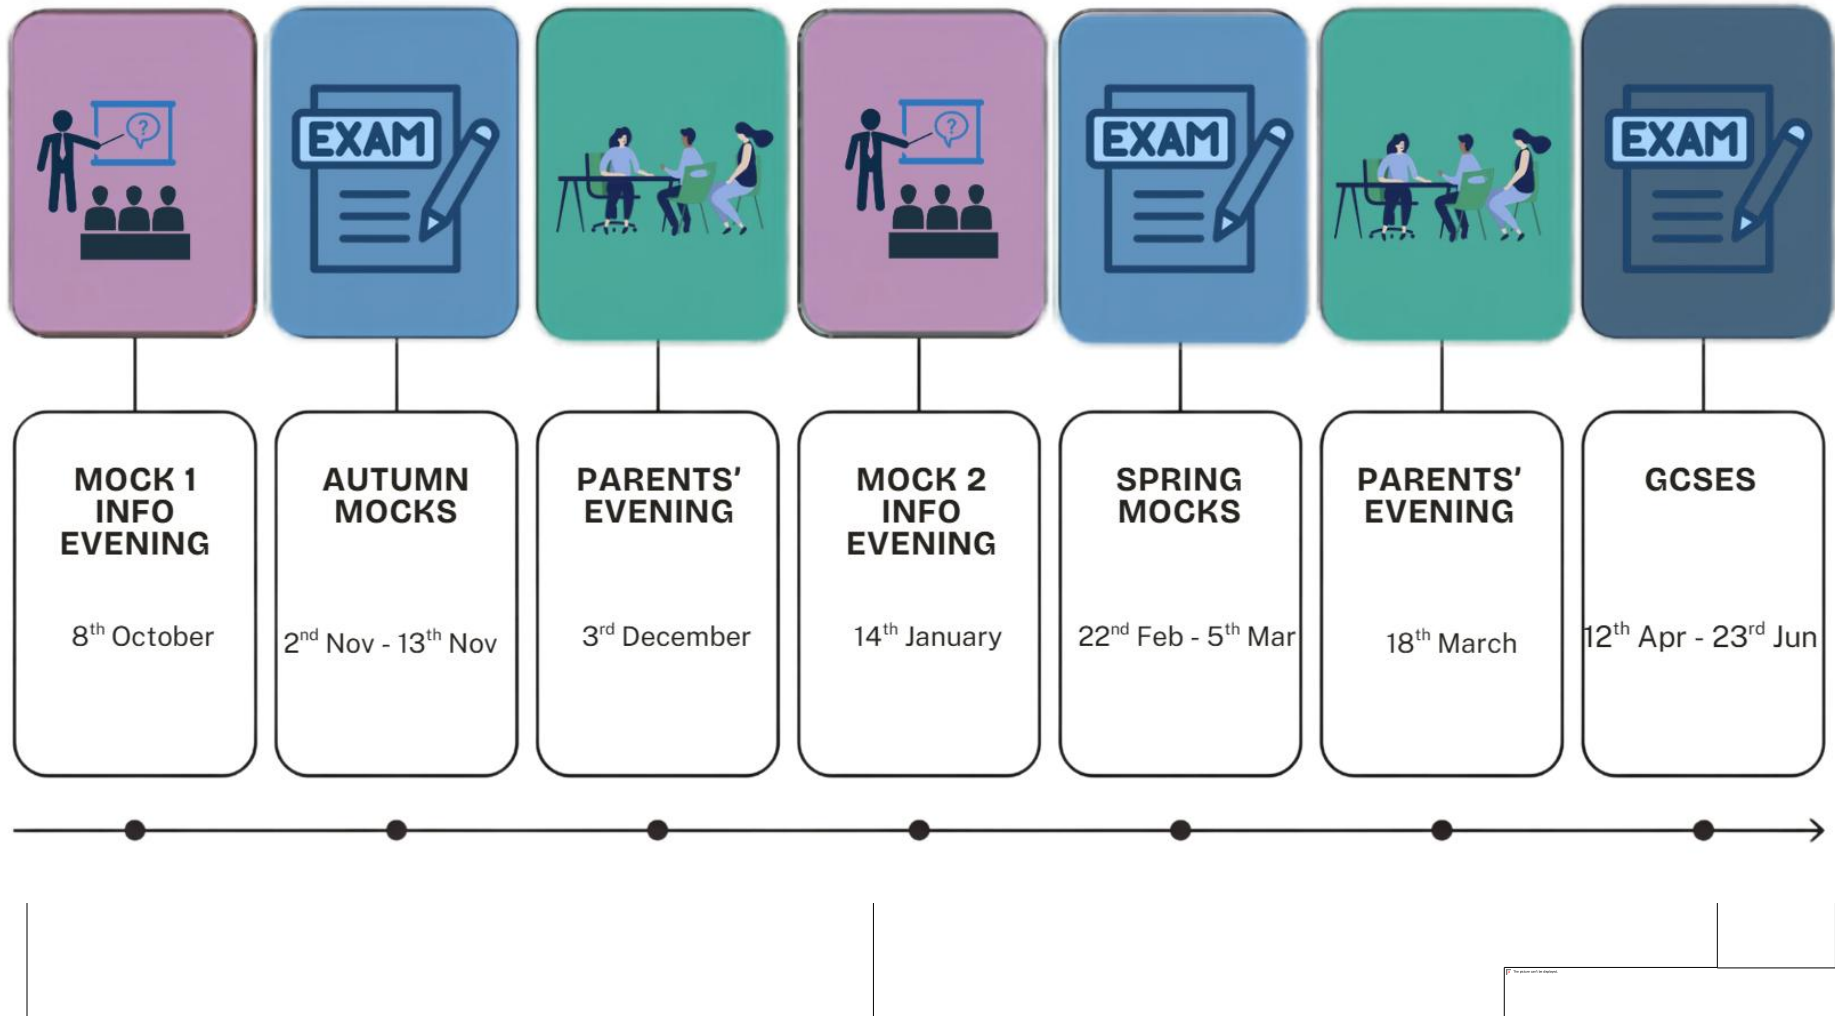

NOT TAKEN AWAY
Follow the rules.
Avoid consequences.

Attendance

- Our aim is for everyone to achieve no more than 6 days absence a year (97%)
- 90% attendance is a day missed every two weeks
- 80% attendance is a day missed every week

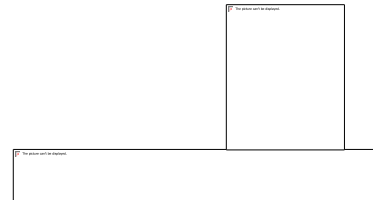

Key Dates

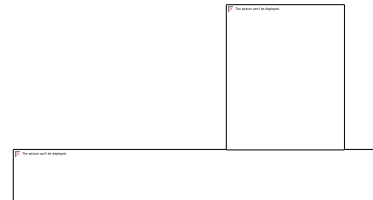

Home Learning

- 8-10 hours per week
- This may vary throughout the year, for example in the run up to exams
- Space in school to support

Learning Platforms and Resources

- Class Charts – All students
- Revision Guides
- Seneca <https://senecalearning.com/en-GB/>
- Sparx Maths <https://sparxmaths.com/>
- [Sparx Science](#)
- [Class Charts](#)

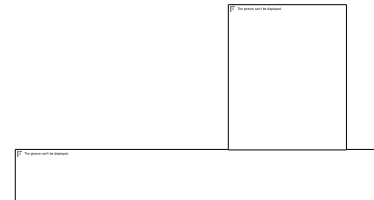

How can I help my child with their Sparx Maths Homework?

Our top three tips for you and your child when using Sparx Maths...

- Encourage them to tackle it on their own
- Nudge them to use the support videos
- Suggest that they start early to give plenty of time for help if they need it.

Actively working on Sparx for the recommended one hour of homework per week for one whole school year was associated with an increase of almost 30% of a (predicted) GCSE grade.

Revision Timetable: 15:05-16:00

MONDAY

Maths

TUESDAY

Science

THURSDAY

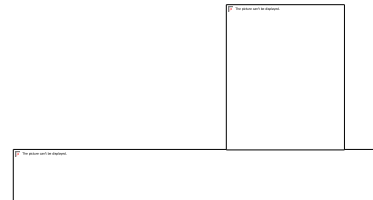

English

Revision timetable template showing a large empty rectangular box for notes or additional scheduling.

Revision timetable template showing a small empty rectangular box for notes or additional scheduling.

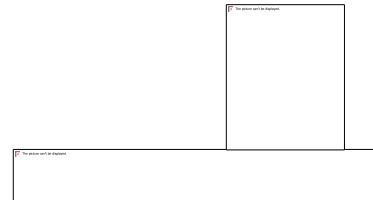

Tutor Time

- English, Maths and Science preparation in tutor time.
- Targeted teaching of these subjects – regrouping with specialist teachers.
- Wednesday is an academic assembly

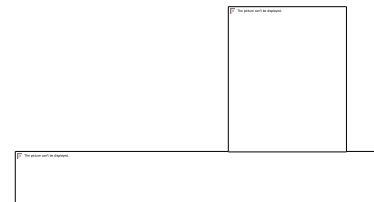

Year 11 Induction

- Assembly – Tuesday 7th June
- Meet the tutor – Thursday 9th June

What does effective revision look like?

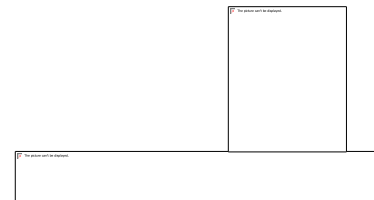

- Students will be taught effective revision techniques over the Autumn term.
- Reading is not revising.
- Reading + Writing + Notes + Memorising = Embedding.

How can you support at home?

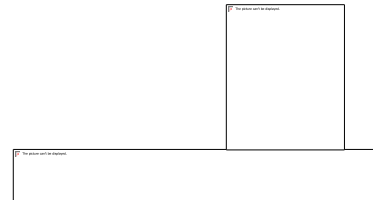

Conditions for effective independent study and revision:

- Appropriate Device (not a mobile phone)
- Reliable wifi
- A quiet, dedicated area or space to study.
- Mobile phone off
- Music off
- Organisation of resources
- Access to online platforms
- Past Examination papers.

Reading at Campion School

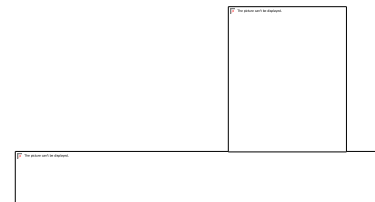

- Explicit teaching of subject specific vocabulary
- SORA
- Daily DEAR sessions (10 minutes per day)
- SPARX reader
- School library
 - Reading lessons
 - Availability during social times

How can you help

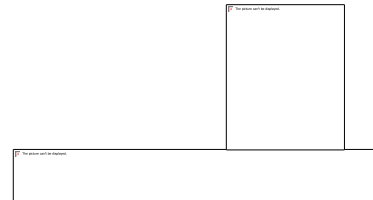

The most effective way to encourage reading is not through pressure, rewards or constant monitoring. It is through creating a home environment where reading is visible, valued and discussed.

When adults show genuine interest in reading, young people are far more likely to develop positive reading habits that support their academic success, wellbeing and future opportunities.

What are the habits of successful students?

- Attend school every single day
- Attend the revision sessions on offer after school.
- Commit to independent study as well as completing your homework
- Ask teachers for support and help if you're unsure what you need to do
- Review their class notes after every school day.
- Catch up on any missed learning opportunity.
- Complete past papers and ask teachers to mark them.
- Involve people at home with your revision to get them to test you and encourage you to keep motivated.
- Engage with learning platforms such as Seneca and Sparx Maths

Post 16 - Aspirations & Ambition

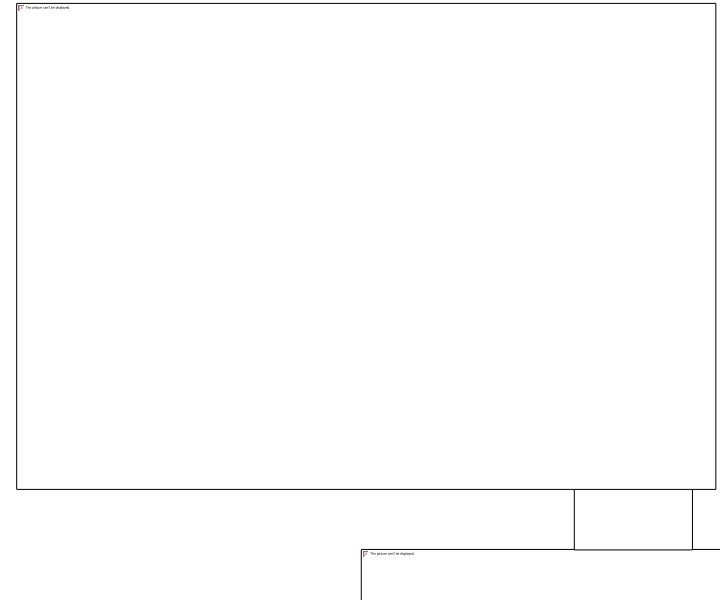

All Year 11 students will see an impartial next step advisor

Throughout the Year:

- Bespoke Career and Next step events in our Sixth Form and local colleges
- Sixth Form interviews for all applicants
- Induction day
- The use of our Sixth Form centre after school on Tuesdays, Wednesday and Thursdays for independent work

Campion Sixth Form Open Evening:
Thursday 26th November

Careers Lead:
n.capon@Campionschool.org.uk

6th Form Entry Requirements

- 5 x Grade 6+ including Maths and English or 6 x Grade 5+ including Maths and English
- Subject specific entry requirement
- Grade 7/8 to study the Sciences, Maths, and Further Maths at A Level
- Each student will be judged on individual merit
