Dear Parents/Carers,

As part of our commitment to continually improving teaching and learning, our school will occasionally make use of a professional development tool called IRIS Connect. This is a secure video system that allows teachers to record their own lessons and share them with mentors for constructive feedback.

The purpose of these recordings is solely to support teachers in developing their practice. The focus of any recording is on the teacher. Pupils may appear as part of normal classroom activity, but they are not the focus of the recording.

Recordings are:

- Stored securely on the IRIS Connect platform
- Accessed only by authorised staff
- Deleted at the end of the training year

This approach is widely used across schools in the UK and has been shown to have a positive impact on teaching quality and pupil learning.

If you have any questions, please contact the school office.

Yours sincerely

Mrs K Bradley-Smith
Principal
