2nd December 2022

Dear Parents/Carers

This letter is to advise you that we are seeing cases of Norovirus, which is present in the community at this time of the year, in school.

We are following advice from Public Health England on managing this, including increasing cleaning and sanitising throughout the school.

We would be very grateful for your support in helping us reduce the spread of the infection. If your child has symptoms of diarrhoea and/or vomiting please keep them at home until 48 hours after they are feeling better. During this time they should not mix with other children outside the home or visit local venues.

Norovirus, or Winter Vomiting Disease, occurs commonly in the community and in schools in particular at this time of the year. Please see the links below for further useful information.
