Dear Parent/Carer,

National Careers Week

This week is National Careers Week and to celebrate we will be holding careers assemblies for all year groups detailing the skills students need to thrive later in life and all the different pathways available to them.

I attached a copy of The Parents' Guide to National Careers Week 2024 which contains useful information regarding post 16 and post 18 options.

In keeping with our commitment to provide students with outstanding careers guidance and tailored support when choosing their next steps after school, we currently use Unifrog; an award-winning, online destinations platform.

Unifrog is the universal destinations platform and is designed to support students in making the most informed decisions about their futures and has a range of tools that are suitable for all year groups. Each student has their own account where they can explore all the career and next step options available to them and find information on everything from managing their workload, to writing a winning CV. Students have access to a wide variety of video and written content, and interactive quizzes and tests, including:
